

TMIY Coffee Set Up Instructions

Use to set up the coffee the day/night before

1. Fill Both Pots to the 80 cup mark with Water
2. Install The Stem and basket firmly in place
3. Fill each basket with about 4 scoops of coffee. (approximately $\frac{3}{4}$ inch deep when leveled)
4. Place the top on the pot and twist to lock.
5. Make sure the pot is switched to ON

TMIY Coffee Set Up Instructions

Use to set up the coffee the day/night before

6. Twist the Timer to the current Time (NOW). Watch the day and night time settings.
7. In the example I went to set up at 630PM
8. Make sure all of the black marked tabs are pushed down and all the unmarked tabs are pulled up up. (430 am to 8 am)
9. Make sure the slide switch on the side is moved upwards toward the clock icon.
10. Plug in both pots to the Timer and the timer into the wall socket.

TMIY Coffee Set Up Instructions

Use to set up the coffee the day/night before

11. Check one last time that the pot switches are turned on.
12. If you wish to test, slide the timer switch down to Manual ON,

The Red lights on the pots WILL NOT come on.

Just listen for the groaning boiling sound

13. Slide the Timer switch Back up to the clock icon.
14. Place out the DONT TOUCH Signs.
15. Check to see if Orange Juice or Water bottles are needed from the Fridge. Pick up a couple if needed.
16. Offer a prayer asking St Drogo to intercede for the Men of TMIY, their families, and the success of the coffee brewing.
